

Welcome to **KNOWLEDGE PARK**

Welcome to Knowledge Park

Fredericton's Innovation District Hub and High-Tech cluster, Knowledge Park is a 35+ acre research and technology campus with more than 300,000 square feet of Class A office space.

What We Offer

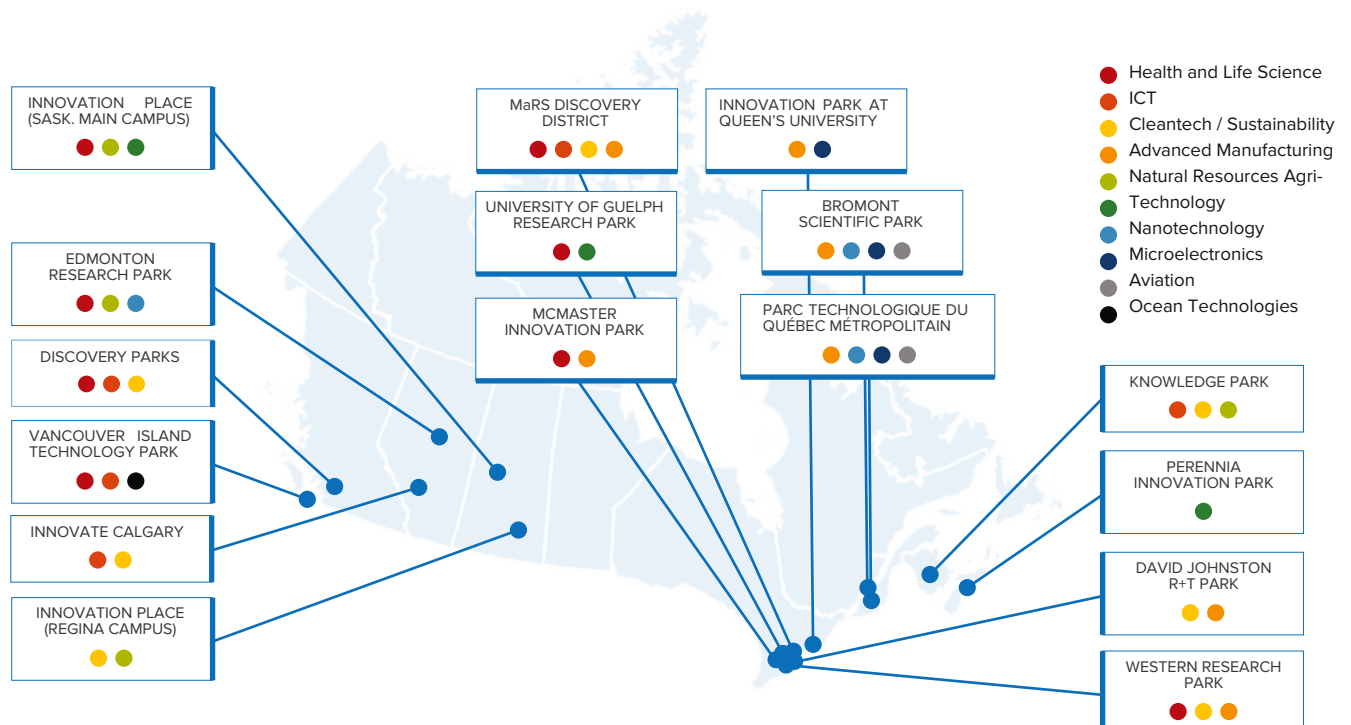

Within close proximity to over 60 university and private-sector research partners, we provide a launching ground for companies converting ideas into game-changing technologies.

BEING A TENANT MEANS MORE THAN JUST OFFICE SPACE:

NETWORK ACCESS

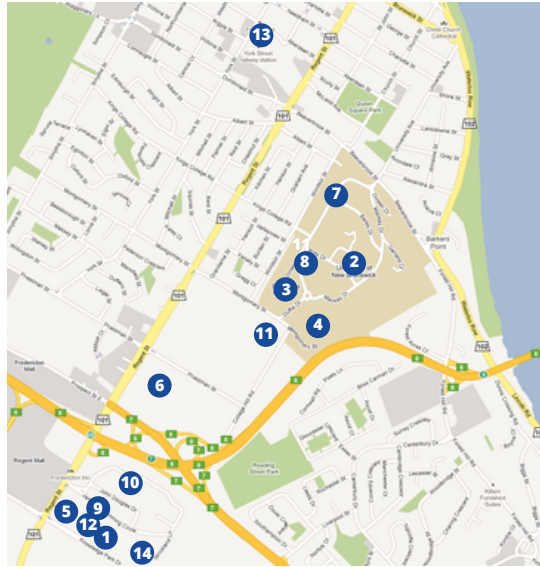

Knowledge Park is a proud member of the Association of University Research Parks (AURP), a network of 26 R&T Park campuses across Canada and 200+ in North America.

INDUSTRY LEADER

We are the epi-centre of the province's knowledge industry, which has produced more than \$1 billion in technology exits in a twelve-month time span.

- 1 Knowledge Park & Planet Hatch
- 2 University of New Brunswick
- 3 St. Thomas University
- 4 New Brunswick Community College
- 5 New Brunswick Health Research Foundation
- 6 Dr. Everett Chalmers Regional Hospital
- 7 Institute of Biomedical Engineering
- 8 National Research Council (NRC)
- 9 New Brunswick Innovation Foundation (NBIF) Hugh
- 10 John Flemming Forestry Centre
- 11 Research and Productivity Council
- 12 Ignite Fredericton
- 13 BioNB
- 14 Cyber Centre

Join us at Cyber Centre

Be part of Canada's World-Class collaboration system for leading Cybersecurity R&D Organizations, IoT Manufacturers, and Industry Partners.

What We Do

Collaborate with other industry leaders to securely develop, maintain, and operate mission-critical systems for the protection of critical infrastructure.

OUR DIRECT FOCUSES INCLUDE:

ENERGY

FINANCE

GOVERNMENT SERVICES

HEALTHCARE

PUBLIC INFRASTRUCTURE

NATIONAL DEFENSE

SAFETY

FOOD / WATER

ICT

TRANSPORTATION

Why Physical Infrastructure is Important

In these fast-changing times, physical space that is cybersafe, secure and offers unique laboratory space and infrastructure will be needed more than ever before.

Secure a place for your organization at Cyber Centre and join the internationally-leading cybersecurity companies establishing their global headquarters right here at Cyber Centre.

**OUR CAMPUS MASTER PLAN CALLS FOR
ADDITIONAL STRATEGIC INFRASTRUCTURE
TO ACCOMMODATE THE GROWING DEMAND
FOR HIGH-TECH SPACE TO BE ADDED
OVER THE NEXT FIVE YEARS.**

A Combination of Key Features You'll Only Find at Cyber Centre

BUILDING FEATURES:

- 135K sq ft Level II security building
- Protected "B", Level 2 and "Tempest locations specifically built for national security and defense-grade cybersecurity research and development
- 96 hours post event resiliency
- Canada's most advanced networking and internet fiber infrastructure
- Security and safety services: physical and bio metric security layers enabled 24x365
- Redundant and diversified commercial power
- Onsite back-up generation
- Diversified and redundant data connectivity
- Shared data center option
